EXPERIENCE

Josys, Bangalore – Lead UX Designer

APRIL 2026 - PRESENT

- Led end-to-end design across Policies and Automations, Action Center, and Identity and Threat Management, partnering closely with product and engineering.
- Launched Policies and Automations in June 2026, reducing manual IT administration and contributing to 40 new mid-enterprise customer wins.
- Expanded and maintained the product-wide design system from 25 to 150 components, while hiring and mentoring two design interns.

Josys, Bangalore – Sr UX Designer

APRIL 2024 - MARCH 2026

- Designed Access Reviews from concept to recurring review workflows, establishing a core governance capability that supported enterprise sales.
- Shipped the Employee Portal MVP in 20 days and evolved it into a unified employee IT-support experience.
- Created the Action Center experience and conducted customer interviews with Japanese enterprises to translate regional needs into product decisions.

LocoNav, Gurugram – UX Designer

SEPTEMBER 2021 - MARCH 2024

- Designed B2B SaaS solutions for Video Telematics and Fleet Management solutions, focusing on enhancing operational efficiency for enterprise users.
